MEMORANDUM FOR: Deputy Director for Intelligence  
Deputy Director for Plans  
Deputy Director for Science and Technology ✓

SUBJECT: DCI Annual Report to the President's  
Foreign Intelligence Advisory Board  
(PFIAB)

1. In the past you and your staff have been most helpful in giving NIPE items to be included in the DCI's annual report to the PFIAB on "Coordination of the Foreign Intelligence Effort." I would appreciate it if you could let me have your contributions again this year.

2. The major headings of the report remain:

a. Assessment of the organization and functioning of the United States Intelligence Board and its committees.

b. Major problems existing in the coordination of the intelligence community.

c. Significant gaps, deficiencies and undesirable duplication of the various U.S. intelligence agencies.

d. Specific actions to strengthen the effectiveness of the over-all intelligence effort.

3. Brief summaries of major items are what we need. The cutoff date is flexible but generally speaking I think about the middle of August would be a reasonable time. The emphasis is on giving the Board a picture of what's happened and what's going on rather than

sticking to a rigid date. If you could let us have your contributions by the 1st of September, this would be fine. You may want to review last year's report and I am attaching a copy. Since this is a file copy please let us have it back.
